

The RTPS Approach to Procurement Management

RTPS believes well-managed Procurement function must drive excellence in:

- Supplier Selection
- Supplier Management
- Staff Support
- Cost Management

but should also support improvements in:

- Risk Management
- Process Efficiency
- Operational Excellence
- Advancement of Strategic Priorities and Projects

We assist our clients in achieving these goals through a flexible delivery approach:

1. Current State Review
 2. Procurement Management Program – one of:
 - a. Dedicated On-Site Model
 - b. Virtual Shared Model
 - c. Self-Service Group Model
- and/or
3. Specific Project Engagements
